

## BETA CRIL SPECIAL THINNER FOR 2K PRODUCTS

BETA CRIL 2K thinner has been especially designed to obtain the maximum results in any application condition. This special thinner is based on highly pure raw materials and is particularly suitable to thin two pack fillers, two pack basecoats and two pack clearcoats. BETA CRIL allows to obtain very smooth films and lack of dots thanks to its workability and high gloss rating.

With any two pack products, mixing ratio: 5 - 10% depending on the desired spray viscosity.

Protect from humidity.

Hermetically seal tin after use.

#### PACKING:

12 CANS OF 1L

4 CANS OF 5L

1 DRUM OF 25L

BETA CRIL is available in SLOW, NORMAL, FAST types, specific for Beta Sprint / Ezi Sand / Beta Filler and for basecoats.
